

HIGH PRESSURE CLEANER COLD WATER

REM POWER HDEm 1001

Order No.: 90425410102 EAN code: 3831081006592

The **REM POWER HDEm 1001** is a professional high-pressure cleaner designed for demanding applications. Its robust construction and industrial-grade quality ensure a long service life even under intensive use.

The **REM POWER HDEm 1001** is equipped with a powerful motor that delivers reliable and effective cleaning results. The ergonomic handle and well-designed mounting bracket ensure comfortable handling and easy transport.

Ideal for cleaning floors, tractors, vehicles, and other heavily soiled surfaces.

The **REM POWER HDEm 1001** is stable, durable, and easy to transport—the perfect solution for professional use.

REM POWER HDEm 1001 is equipped with:

- 4-pole induction motor with 1,400 rpm and thermal protection
- Built-in pump with three ceramic pistons and a brass housing
- “Bypass” pump shut-off system on the VT gun
- Pressure control valve
- TST system with delay
- Water regulator on the nozzle
- Coupling for better connection between the electric motor and the VT pump

TECHNICAL DATA

DESCRIPTION

Maks. working pressure	240 bar
Working pressure	30 - 210 bar
Water flow	1000 l/h
Max. water inlet temp.	50 °C

POWER SUPPLY

Mains voltage	400 V / 50 Hz
Power	6,4 kW

GENERAL

Cable length	6 m
High pressure hose	10 m
Dimension (L × B × H)	770 × 510 × 880 mm
Weight	68 kg

ACCESSORIES

- Metal HP gun with metal M22 connector
- Rubberized HP hose with metal M22 connector
- Metal nozzle 70 cm
